**In Re: Docket No. 98-191-C - Application for Approval of Negotiated Agreement between  
BellSouth Telecommunications, Inc. and Mid-State Electronics, Inc.**

Dear Mr. Morton:

The Negotiated Paging Interconnection Agreement between BellSouth Telecommunications, Inc. and Mid-State Electronics, Inc was presented to the Commission for consideration during its Regular Business Session on May 12, 1998.

After consideration, the Commission approved this Agreement since it is consistent with the standards of Section 252 (a) (1) of the Telecommunications Act of 1996 and since it is not discriminatory and is consistent with the public interest in that it promotes competition.

Consistent with previous Commission Orders, the Commission finds that the terms of the Paging Interconnection Agreement are not to be considered as a precedential standard for other agreements, nor are they binding on any other communications carrier.

Sincerely yours,

James M. McDaniel  
Utilities Department
